

Yard of the Month Spotlight 2028 Meliana Dr

1

Do you maintain your own yard or hire someone to maintain it for you?

I maintain the yard myself. I added soil to the flowerbeds and had an outside company do the stonework

2

What are your go-to flowers and plants that work well in the North Texas climate?

I have Zinnias and Vincas in the flower beds and Petunias in the backyard. I also added Pyramid Boxwoods along the front of the house.

3

How do you maintain your lawn?

I used a pre-emergent twice a year and use Scott's Green Max about every 3 months. I mow about every 6 days. The Bermuda grass was replaced with Zoysia last year. I water 3 times a week with a smart sprinkler system so it doesn't have run off.
